Complainant of Joe DaSilva, Jr.
v. Mark T. Esper, Secretary of the Army
DA Docket NO. ARDETROIT18MAY01583

Dear Mr. Radner,

Please be advised that the investigation pertaining to a subject complaint(s) of discrimination filed on 29 April 2018 has been completed. In accordance with Title 29, Code of Federal Regulations Section 1614.108(f), you are hereby provided a copy of the investigative file. This investigative file does not constitute a final Army decision on your (your client's) complaint. Its primary purpose is to develop the facts of the case and provide the basis for deciding this complaint.

You (you, on behalf of your client) have 30 calendar days from your receipt of this notice to request either a hearing before an Equal Employment Opportunity Commission (EEOC) administrative judge or a final Army decision based on this record. If you (your client) elect(s) a hearing before an EEOC administrative judge, the enclosed Request for a Hearing must be sent directly EEOC Detroit Field Office, Patrick V. McNamara Building, 477 Michigan Avenue, Room 865, Detroit, MI 48226. A copy of the Request for a Hearing must be provided to the undersigned. In or attached to the hearing request to the EEOC, you must certify that a copy of the hearing request form was served on the EEO officer and agency representative, including the date and method of service.

If you (you, on behalf of your client) request an EEOC hearing, an EEOC administrative judge will be appointed to hear the case. The administrative judge may make a determination that there are no issues of material fact and issue a final decision without holding a hearing. Should the administrative judge make such a determination on his or her own initiative, you will be notified and provided an opportunity to respond in writing within 15 calendar days of receipt of the notice. If a hearing is to be conducted, the date and time of the hearing will be determined by the administrative judge. The administrative judge will hear the case, make a final decision on the complaint subject to final action by the Army, including appropriate remedies and relief where discrimination is found, within 180 calendar days of EEOC's receipt of your request for a hearing unless the administrative judge makes a written determination that good cause exists for extending the time for issuing a decision on the complaint. The administrative judge will

provide you (and your client) with a copy of the hearing record, including the transcript, if a hearing was held, and the decision. The Army will then consider the administrative judge's decision and issue a final Army Action.

Should you (you, on behalf of your client) decide not to request an EEOC hearing, you may request a final Army decision on the merits of the complaint by returning the enclosed Request for a Final Army Decision to the undersigned within 30 calendar days of your receipt of this notice. The Army will have 60 calendar days from the date of receipt of your request to review the case file and to issue the final Army decision. If you do not respond within 30 calendar days of receipt of this letter, the Army Director of EEO, or designee, will render a decision on the record as it stands.

Sincerely,

Ms. Kleehammer,

I'm sending you this email to officially file a Reprisal Complaint on A/C Martin Potter on 09 Feb, 2017 I filed a EEO Complaint on A/C Martin Potter that was resolved in a meeting with a mediator and Mr. Young. On 06 March 2017. I was told that A/C Martin Potter would stop making inappropriate comments to me. On April 03,2018 and in the summer of 2017 A/C Martin Potter has not stopped making inappropriate sexual comments I feel that this has caused me to refile my EEO complaint for Reprisal and Retaliation and that he has also been showing some disparate treatment towards me and has played a very big role in my evaluation at the end of the year. I have attached the original EEO complaint and the agreement that was signed by myself and Mr. Young on 3-16-2017 and the emails that show disparate treatment by A/C Potter. I would like this matter to be looked into again I would like to let your office know that I have filed a sexual harassment complaint with SHARP that is currently being investigated at this time by the Garrison Manager and the investigating officer is Mr. Robert Porter. I would like your help in putting this matter to rest again. Thank you for your time in this matter.

Mr. Young,

This message serves as notice that an (informal) Equal Employment Opportunity (EEO) pre-complaint of discrimination has been filed against the US Department of the Army regarding matters arising out of Emergency Services Directorate, Fire Division, USAG-Detroit Arsenal, Warren, MI.

Specifically, DaSILVA, Joe, Fire Fighter, GS-0081-07, DES (Aggrieved), DA Docket No. ARDETROIT18MAY01583 has alleged harassment (sexual) based on his sex (male) and National Origin (Brazilian) when unwanted sexual nature comments were made by Assistant Chief Martin Potter to include "how much do breast implants cost" and remarking that you should be able to wear a "B-cup bra"?

Mr. DaSilva's relief sought is 1) Behavior to stop; 2) A/C Chief Potter to find a new job outside of the Detroit Arsenal; 3) Between 3 and 5 days of paid overtime.

As Aggrieved has engaged in the EEO complaints process, every effort should be made to avoid even the appearance of reprisal by the Army's management or staff. In addition, please treat this, as with all EEO-related matters, strictly as need-to-know.

Ms. Amy Dombrowski has been assigned as the EEO Counselor to process this pre-complaint. We request full support and cooperation from all parties that may have been identified as having information referencing this complaint. (Please see attached notification.)

We look forward to working with you in seeking a resolution in this matter.

Should you have any questions or concerns regarding this matter, you may contact me at the number listed below.

MEMORANDUM FOR ~~Name~~, 6501 E. 11 Mile Rd, Warren, MI 48397

SUBJECT: Witness Participation in Complaint Processing

1. A precomplaint of discrimination has been initiated against the Department of the Army wherein you have been identified as having knowledge concerning the matters alleged. The purpose of the discrimination complaint procedure is to determine whether the alleged discrimination occurred so that appropriate remedial action can be taken.
2. The discrimination complaint procedure consists of a precomplaint and a formal complaint process. During the precomplaint process, an Equal Employment Opportunity (EEO) counselor is assigned to make an inquiry into a matter of concern set forth by an individual. The individual presenting the matter(s) of concern is referred to as an "aggrieved" during the precomplaint process. The EEO counselor cannot reveal the identity of the aggrieved unless authorized to do so by the aggrieved. The precomplaint counseling stage is an informal process for resolving the matter(s) at issue. If the EEO counselor is unable to achieve resolution of the matter(s) of concern, the aggrieved will be advised of his/her right to further pursue the matter(s) by filing a formal complaint of alleged discrimination.
3. If the aggrieved decides to file a formal complaint of alleged discrimination and the complaint is accepted, it will be investigated by an investigator from the Department of Defense Investigations and Resolutions Division (DODIRD). The individual filing a formal complaint of alleged discrimination is referred to as the "complainant" during the formal process.
4. Your role in the complaint process is that of a witness. An EEO counselor may contact you and will solicit your input into the matter(s) of concern. Your participation in the counseling process may serve to assist in resolving the matter(s) quickly. Should the aggrieved decide to file a formal EEO complaint and it is accepted, you may be required to provide testimony at the investigation and at a hearing before an EEO Commission administrative judge.
5. As a witness, you have the right to have a personal representative at the EEO counselor interview and at any other meeting necessary during complaint process. A person of your own choosing, provided the choice of a representative does not involve a conflict of interest or conflict of position, may represent you. You may not be represented by the staff judge advocate or the agency representative (labor counselor).
6. Upon completion of the DODIRD investigation, the investigator will provide the EEO office with a Report of Investigation (ROI). The complainant will be provided a copy of the ROI and

advised of the right to request either a hearing before an EEO Commission administrative judge or the issuance of a final Army decision.

7. If, after the DODIRD investigation, the complainant requests a hearing, the EEO Commission will appoint an administrative judge to conduct the hearing and issue a decision on the complaint, including appropriate remedies and relief, if discrimination is found. In preparation for and during an EEO Commission hearing, your testimony may be solicited once again. You will be afforded the opportunity to review relevant sanitized documents and to testify for the record. Again, you have the right to have a representative present during the EEO Commission hearing. Upon completion of the hearing, the EEO Commission administrative judge will forward his/her decision to the Department of Army, Director for EEO Compliance and Complaints Review for final action.

The issue raised in Mr. DaSilva's complaint was adjudicated through an AR 15-6 investigation directed by the Garrison Manager. The Garrison Manager reviewed the finding of the investigating officer with Legal. As a result of the investigation, I am proposing a corrective action directed at AC Potter, this should satisfy the request by Mr. Dasilva for the "behavior to stop".

Management will NOT support any request for AC Potter to "find a new job" nor to pay any monetary settlement to Firefighter DaSilva.

<p>Was aggrieved discriminated against and subjected to a hostile work environment based on National Origin (Brazilian) and reprisal (December 2015) when the following incidents occurred?</p> <p>a. On 2 February 2017 - Aggrieved alleges Chief Potter rated him as a "2" Successful vs "1" Excellent. Aggrieved stated there was some disparity when he and two other Fire Fighters submitted their input for performance evaluations. He mentioned three FFs were late submitting bullets, when two were reprimanded for late submissions, including the aggrieved. Their comments from Chief Potter was basically, "...one day late is unacceptable. Please ensure tasks are accomplished within set timelines." While one other FF was told, "I appreciate you acknowledging the overdue task. Please ensure tasks are accomplished in set time lines." Aggrieved stated all three FFs were late submitting the bullets as they sat side-by-side completing the task. Aggrieved stated when he received the "2" and requested to discuss it with his 2nd line (Chief Edwards), Chief Potter stated that Chief Edwards agreed with him and had already signed the performance evaluation (DA Form 7223 BASE System Civilian Evaluation Report).</p> <p>b. On 3 February 2017 - Aggrieved alleges Chief Edwards made the following comment after he (the aggrieved) picked up lunch for co-workers and the Chief: "Do not touch my food DaSilva!"; "Do not touch my drink DaSilva!"; and "Thanks for the Hepatitis C DaSilva!" On or about 6 January 2017- Aggrieved stated Chief Edwards made the following comment in the kitchen in front of his peers: "DaSilva I don't like you. I just have to work with you." The aggrieved further mentioned his concerns with Chief Edwards behavior since he (Chief Edwards) is the Reviewer of his performance evaluation.</p> <p>e. From time-to-time during lunch/dinner in the kitchen and depending on the topic of the conversation, Chief Potter will say, "put on a bra. You ought to put on a 38B." Ms. Kleehammer,

I'm sending you this email to officially file a Reprisal Complaint on A/C Martin Potter on 09 Feb, 2017 I filed a EEO Complaint on A/C Martin Potter that was resolved in a meeting with a mediator and Mr. Young. On 06 March 2017. I was told that A/C Martin Potter would stop making inappropriate comments to me. On April 03, 2018 and in the summer of 2017 A/C Martin Potter has not stopped making inappropriate sexual comments I feel that this has caused me to refile my EEO complaint for Reprisal and Retaliation and that he has also been showing some disparate treatment towards me and has played a very big role in my evaluation at the end of the year. I have attached the original EEO complaint and the agreement that was signed by myself and Mr. Young on 3-16-2017 and the emails that show disparate treatment by A/C Potter. I would like this matter to be looked into again I would like to let your office know that I have filed a sexual harassment complaint with SHARP that is currently being investigated at this time by the Garrison Manager and the investigating officer is Mr. Robert Porter. I would like your help in putting this matter to rest again. Thank you for your time in this matter.

MEMORANDUM FOR Mr. Joe DaSilva, Jr.

SUBJECT: Aggrieved Person's Rights and Responsibilities

1. **Purpose.** If you believe you have been discriminated against because of your race, color, religion, sex, national origin, age, physical or mental disability, genetic information and/or subjected to reprisal in an employment matter subject to the control of the Army, you may have a choice of options to pursue your Equal Employment Opportunity (EEO) complaint and have it resolved. The purpose of this memorandum is to advise you, in writing, of those rights and responsibilities.

2. **Rights for Employees Outside of a Bargaining Unit**

a. If you are not a member of a bargaining unit covered by a union contract, you have the right to pursue a discrimination complaint under the procedures covered by Army Regulation (AR) 690-600. Your first step under this procedure is to contact an Equal Employment Opportunity (EEO) official within 45 calendar days of the date of the matter alleged to be discriminatory or, in the case of a personnel action, within 45 calendar days of the effective date of the action. An EEO official, such as the EEO officer, specialist, assistant or counselor may offer you the opportunity to participate in the precomplaint counseling process or, if determined appropriate, the alternative dispute resolution (ADR) method in lieu of traditional counseling. An individual contacting an EEO official or EEO counselor at the precomplaint stage is referred to as the "aggrieved."

(1) **ADR:** Mediation is the ADR process preferred by the Department of the Army, however, other methods may be offered as determined by the activity. Mediation is a method by which an objective and impartial person (a trained mediator) facilitates communication between the aggrieved and management to resolve concern(s) or dispute(s). If you are **offered** and choose to participate in mediation, the precomplaint period will be extended an additional 60 calendar days from the date you initiate the pre-complaint phase of the EEO complaint process to accomplish the mediation.

(a) If ADR is successful, the participants will sign a negotiated settlement agreement. A signed settlement agreement is binding on both parties.

(b) If ADR is not successful or if some issues remain unresolved after mediation, you will be given a Notice of Right to File a Formal Complaint of Discrimination.

000040

(2) Traditional Counseling: If ADR is not offered or you choose not to participate in ADR, the EEO counselor will continue with traditional EEO counseling.

(a) During the initial interview with the assigned EEO counselor, the claim(s) you previously identified during the initial intake interview will be discussed in order to define and record the specific dates and facts of the incidents or personnel actions you allege to be discriminatory. If you present additional matters not initially recorded during the precomplaint intake interview during the EEO counselor's inquiry, those issues must be recorded in the EEO counselor's report.

(b) You are obligated to cooperate with the EEO counselor in clearly defining the claim(s) and basis(es) for inquiry. The EEO counselor's inquiry is designed to facilitate a satisfactory resolution of your allegations. The EEO counselor will advise you of the results of the inquiry and discuss proposed solutions.

(c) If resolution of your complaint is not achieved, the EEO counselor will conduct a final interview with you within 30 calendar days of the date you initiated the counseling process, unless an extension of the counseling period is executed, in writing. The EEO counselor will then issue you a Notice of Right to File a Formal Complaint of Discrimination.

(d) Upon receipt of the Notice of Right to File a Formal Complaint of Discrimination, you may file a formal complaint of discrimination. The EEO counselor will advise you with whom to file your formal complaint and will explain the formal complaint procedures. Formal complaints of discrimination fall under two separate categories, non-mixed complaints and mixed complaints, and each is processed differently.

- A non-mixed complaint is one in which actions identified as discriminatory are not appealable to the Merit Systems Protection Board (MSPB). Formal complaint procedures in non-mixed cases include an investigation by the Department of Defense Investigations and Resolutions Division (DoDIRD), your choice of requesting either a hearing before an Equal Employment Opportunity Commission (EEOC) administrative judge after which the Director EEO Compliance and Complaints Review (EEOCCR) will issue a final action or a decision by the Director EEOCCR without a hearing by an EEOC administrative judge.

- A mixed complaint of discrimination is a complaint that stems from an alleged discriminatory action that can be appealed to the MSPB (see paragraph b. below). In mixed complaint cases, you have the right to an investigation by the DoDIRD; however, you do not have a right to a hearing by an EEOC administrative judge. The Director EEOCCR will issue a final agency decision upon completion of the investigation by the DoDIRD and will provide you with appeal rights to the MSPB.

b. Merit Systems Protection Board (MSPB): You may pursue a discrimination complaint under the MSPB appeal procedure without using the federal sector EEO complaint process. This procedure is available to you only if the alleged discriminatory

action can be appealed to the MSPB. This type of matter is referred to as a mixed case. The case is "mixed" in that it contains an action that may be appealed to MSPB and also alleges the action was discriminatory. Examples of personnel actions that are appealable to the MSPB include, but are not limited to, removal or suspension for more than 14 days of a non-probationary, competitive service employee. If you are subject to a personnel action that is appealable to the MSPB, you will be notified in writing of your right to appeal to the MSPB. The time limit for appeal to the MSPB is 30 calendar days after the effective date of the personnel action that you believe to be discriminatory in nature. Under such an appeal, you are entitled to a hearing by the MSPB. In addition, you may petition the EEOC to review the final decision of the MSPB on the allegation(s) of discrimination.

3. Options for Employees within a Bargaining Unit. If you are a member of a bargaining unit covered by a union contract, and if the negotiated grievance procedure excludes discrimination claims, your rights are the same as those shown in paragraphs 2a and 2b above. If you are a member of a bargaining unit covered by a union contract, and if the negotiated grievance procedure in that contract does not specifically exclude discrimination issues, you have the right to select one of the following options:

a. You may pursue a discrimination complaint under the procedures covered by AR 690-600 as described in paragraph 2a above. This includes the option to participate in ADR, if offered, during the precomplaint process.

b. You may pursue a discrimination complaint under the Merit Systems Protection Board (MSPB) appeal procedure as described in paragraph 2b above, if the claim(s) giving rise to your complaint are appealable to the MSPB.

c. You may pursue a discrimination complaint under the negotiated grievance procedure. Your union contract outlines the grievance steps. Note the following:

(1) Decisions in actions covered by Title 5, United States Code, Section 7512 or 4303 cases are not appealable to the Federal Labor Relations Authority (FLRA).

(2) In actions not appealable to the MSPB, but covered by the negotiated grievance procedure, you may choose between the grievance procedure or the EEO complaint procedure under AR 690-600.

(3) You may not seek redress under the EEO complaint procedure and the negotiated grievance procedure. When you select the negotiated grievance procedure by filing a timely written grievance, your decision is considered to be final and you cannot seek redress under the EEO complaint procedure.

(4) A grievance under the negotiated procedure may be rejected if you have filed a timely appeal with the MSPB or if you have filed a formal discrimination complaint under the EEO complaint procedure.

4. **Administrative Grievance Procedures.** An employee may not raise allegations of discrimination that are subject to final administrative review by the EEOC in the administrative grievance procedure. (See DoD Directive 1400.25M, Subchapter 771.)

5. **Additional Option for Age Discrimination in Employment Act of 1967 (ADEA), as amended, discrimination complainants (age 40 and over).** In lieu of filing a complaint under this regulation, a mixed case appeal with MSPB (if applicable) or a negotiated grievance (if applicable) as described above, you may elect to bypass the administrative procedure and file a civil action directly in an appropriate US District Court, after first filing a written notice of intent to file a civil action with the EEOC within 180 calendar days of the date of the alleged discriminatory action. Once a timely notice of intent to sue is filed with the EEOC, you must wait at least 30 calendar days before filing a civil action.

a. You must be aware that if you elect to file an administrative complaint rather than filing directly in U.S. District Court, you must exhaust your administrative remedies before you can file a civil action.

b. In a non-mixed complaint, you will have exhausted your administrative remedies when one of the following occurs:

(1) after receiving notice of the final Army decision on your complaint, if no appeal has been filed; or, after 180 calendar days from the date you filed your complaint with the Army and the Army has failed to issue a final decision and no appeal has been filed; or

(2) after receiving the EEOC's final decision on your appeal; or after 180 calendar days from the date you filed an appeal with the EEOC and the EEOC has not issued a final decision on the appeal.

c. Should you elect to bypass the administrative procedure in an age discrimination complaint, you are responsible for providing the following information in your notice of intent to sue:

- (1) The date prepared.
- (2) Statement of intent to file a civil action under Section 15(d) of the ADEA, as amended.
- (3) Your name, address, and telephone number.
- (4) Name, address, and telephone number(s) of your designated representative, if any.
- (5) Name and location of the Federal agency or installation where the alleged discriminatory action occurred.
- (6) Statement of the nature of the alleged discriminatory action(s).
- (7) Date(s) the alleged discriminatory action occurred.
- (8) Your signature or the signature of your designated representative.

d. Attorney's fees and costs are not recoverable in the administrative process and compensatory damages are never an available form of relief.

e. Notices of intent to sue under the ADEA must be submitted to the EEOC by facsimile (202) 663-7022 or sent/hand delivered to the following address:

Equal Employment Opportunity Commission
Office of Federal Operations
P.O. Box 77960
Washington, D.C. 20013 (if sent by mail)
One NOMA Station
131 M Street, N.E.
Suite 5SW12G
Washington, D.C. 20507 (if hand delivered)

6. **Option for Equal Pay Act:** If you are alleging sex-based wage discrimination under the Equal Pay Act (EPA), you have the right to go directly to the US District Court even though such claims are also cognizable under Title VII. A civil action must be filed within 2 years of the date of the occurrence, or within 3 years of the date of the alleged violation if the violation is willful. Notwithstanding the two/three year limitations period applicable to the current action under the EPA, in order to present an administrative EPA claim, the aggrieved must contact an EEO counselor within 45 calendar days of the date the aggrieved becomes aware of or reasonably suspects a violation of the EPA. The filing of an administrative complaint does not toll the time for filing a civil action. Attorney's fees and costs and compensatory damages are not recoverable in sex-based wage discrimination claims in the administrative process.

7. **Additional Rights under the EEO Process.**

a. You have the right to remain anonymous during the counseling. The counselor will refrain from revealing your identity except by your authorization. However, if you choose to participate in ADR, you will not be able to remain anonymous.

b. You have the right to a representative of your choice throughout the complaint process including precomplaint counseling. This right to a choice of representation will be limited when there is a conflict of interest as defined in AR 690-600. Your right to representation is extended to the ADR process. However, the ADR neutral will decide the extent to which the representative actively participates in ADR. Nonetheless, you will have sufficient time to discuss resolution and review any proposed terms with your representative prior to finalizing a settlement agreement. If your representative is an attorney, all documents will be officially served on your attorney.

c. If traditional EEO counseling is opted, you have the right to receive in writing within 30 calendar days of the first counseling contact (unless you agree in writing to an extension for counseling) a notice terminating counseling and informing you of:

(1) the right to file a formal individual or class complaint within 15 calendar days of receipt of the notice,

(2) the appropriate official with whom to file a formal complaint, and

(3) your duty to immediately inform the agency if you retain counsel or a representative.

d. Any extension of the counseling period may not exceed an additional 60 calendar days. When notice is not provided and no extension is secured, you have the right to file a formal complaint of discrimination after the 30th day. Exception: If you agree to participate in mediation and unresolved issues remain after the mediation attempt, the written Notice of Right to File a Formal Complaint of Discrimination will be issued upon completion of the mediation process or within 90 calendar days of the initial contact, whichever comes first.

e. If you file a formal complaint, you have a right to be notified in writing whether the activity EEO officer accepts or dismisses your complaint. If you do not receive written notice within fifteen (15) calendar days of filing a formal complaint, you should contact the EEO officer. If your allegations are dismissed entirely or partially, you will be advised in writing of the basis and rationale for any dismissed allegations.

f. If you file a non-mixed EEO complaint and your allegations are dismissed in their entirety, you will be advised of your right to appeal the dismissal decision to the EEOC. If some but not all of your allegations are dismissed, the dismissed portion of your claim is not appealable to the EEOC until a final decision/action on the entire complaint is issued. However, the dismissed portion is subject to review by an administrative judge if a hearing is requested on the remainder of the complaint.

g. If you file a non-mixed EEO complaint, you have the right to request a hearing before an EEOC administrative judge after 180 calendar days from the filing of a formal complaint or after completion of the investigation, whichever comes first. Further, you have the right to file a civil action in an appropriate US District court:

(1) within 90 calendar days of receipt of a final agency action/decision if no appeal has been filed

(2) 180 calendar days after filing a formal complaint if an appeal has not been filed and a final agency action/decision has not been issued;

(3) within 90 calendar days of receipt of the EEOC's final decision on an appeal; or

(4) 180 calendar days after filing an appeal with EEOC if there has been no final decision by the EEOC.

h. If you file a mixed EEO complaint and a final agency decision is not issued within 120 calendar days after filing, you have the right to either appeal the matter to the MSPB or you may file a civil action.

i. If you file a mixed EEO complaint and are dissatisfied with the final agency decision, you have the right to appeal the matter to the MSPB, not the EEOC, within 30 calendar days after receipt of the final agency decision.

j. When you have filed two or more complaints, you have the right to receive in writing a notice that the agency is consolidating your complaints; that the investigation will be completed within the earlier of 180 calendar days after the filing of the last complaint or 360 calendar days of the filing of the first complaint; and that you may request a hearing with an administrative judge at any time after 180 calendar days of the filing of the first complaint.

k. You have the right to amend a pending complaint to add additional incidents or claims that are like or related to those raised in the pending complaint at any time prior to the completion of the investigation. The agency is required to complete its investigation within the earlier of 180 calendar days after the last amendment to the complaint or 360 calendar days after the filing of the original complaint.

8. Responsibilities

a. You are responsible for cooperating with those individuals involved in the processing of your complaint.

b. At all times during the administrative processing of your complaint, you are responsible for updating, in writing, the activity EEO officer and the EEOC of any changes to your current mailing address. Failure to keep the agency and the EEOC informed of your current address may result in dismissal of your complaint.

c. You are responsible for filing a formal EEO complaint within 15 calendar days after receipt of the Notice of Right to File a Formal Complaint of Discrimination, in the event that you wish to file a formal complaint at the conclusion of traditional EEO counseling or ADR.

d. You are responsible for electing your avenue of redress. The formal action you file first (an MSPB mixed case appeal, a discrimination complaint under the EEO complaint procedure, or a written grievance under the negotiated grievance procedure) is considered to be an election to proceed only in that forum as to the alleged discrimination. Thus, you should be aware that:

(1) An appeal to the MSPB will not be accepted if you have filed a timely formal complaint in writing under the EEO complaint procedure or a timely written grievance under the negotiated procedure.

(2) A discrimination complaint filed under the EEO complaint procedure will be dismissed if you have first filed a timely appeal to the MSPB or a timely written grievance under the negotiated procedure on the same matter.

e. If you file a formal complaint, you are responsible for informing the EEO officer whether you are represented, by whom, and the address and telephone number(s) of your representative. You must also inform the EEO officer of any change in representation. You are responsible for electing your avenue of redress.

f. If you request a hearing before an EEOC administrative judge, you are responsible for sending your request directly to the appropriate EEOC field office and providing the EEO officer a copy of that request. You are also responsible for certifying to the administrative judge that you provided the EEO officer with a copy of your request for a hearing, including how it was served.

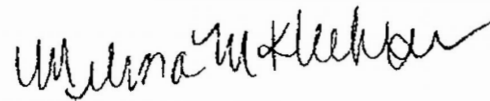

g. You must also be aware that you have a legal obligation to mitigate damages, i.e. on back pay and out of pocket expenses, regardless of whether it is later determined that you were a victim of unlawful discrimination. A successful complainant claiming back pay will be paid the amount that would have been earned had it not been for discrimination, less any amount actually earned or could have been earned with due diligence, plus interest. Interest on back pay is not payable to Federal employees or applicants who prevail on employment discrimination claims brought under the Age Discrimination in Employment Act or the Equal Pay Act.

h. The rejection of an offer of resolution made by the agency may result in the limitation of the agency's payment of attorney's fees or costs.

i. You are responsible for serving notice of appeal and a copy of the brief (if any) on the agency, i.e., Director for EEOCCR and the agency representative, should you elect to appeal an agency decision to the EEOC, Office of Federal Operations.

9. You are further advised that only matters of discrimination raised in the precomplaint processing, to include those matters of discrimination like or related to matters of discrimination raised in precomplaint processing, may be alleged in a subsequent formal complaint filed with Army.

10. If you have any other questions on this matter, you may contact Melissa Kleehammer, (586)282-9658, email melissa.m.kleehammer.civ@mail.mil.

Complaint of Joe DaSilva, Jr. v. Mr. Mark T. Esper, Secretary of the
Army, DA Docket No. ARDETROIT18MAY01583

Dear Mr. DaSilva:

This refers to your formal complaint of discrimination filed with our office on June 1, 2018. You initially contacted us on April 29, 2018 and initiated the informal complaint on April 29, 2018. We provided you a letter entitled Notice of Right to File a Formal Complaint of Discrimination on May 31, 2018.

In your formal complaint you allege that you were harassed (sexual) on 3 April 2018 because of your sex (male) and National Origin (Brazilian) when unwanted sexual in nature comments were made by Assistant Chief Martin Potter to include "how much do breast implants cost" and remarking that you should be able to wear a "B-cup bra."

I have reviewed all of the information in the file and have decided to accept your claim for further investigation.

If you believe the claim in this complaint has not been correctly identified, please notify me, in writing, within 5 calendar days after you receive this letter. You must specifically state why you believe that the claims have not been correctly identified. If you fail to contact me, I will conclude you agree that the claim has been properly identified above. Any statement submitted in this regard will be placed in the complaint file.

Your complaint will be assigned to an investigator for formal investigation of the accepted claims. Once assigned, you will be informed of the investigator's identity and when the investigation is expected to begin. The investigation must be completed within 180 calendar days of the filing of this complaint, unless you agree in writing to extend the period an additional 90 calendar days. In accordance with Title 29, Code of Federal Regulations, Part 1614.108(e), the Army may unilaterally extend the 180-day time period, or any period, of extension, for not more than 30 calendar days when it must sanitize a complaint file that contains classified information. If this need for extension should arise, you will be informed of the extension.

After completion of the investigation and if the case has not been settled, the EEO officer will provide you with the Notice of Post-Investigative Options (PIO) and the report of investigation. This notice will inform you that you have the right to, within 30 calendar days from your receipt of the notice, request a hearing before an EEO Commission administrative judge, who will issue a decision subject to final action by the Army, or the right to request that a final Army decision be issued on the record. You may also request a hearing at any time after 180 days have elapsed from the filing of this complaint. If you opt for a hearing, the Request for a Hearing (Enclosure 2) should be sent directly to the EEO Commission, Detroit District Office, Patrick V. McNamara building, 477 Michigan Avenue, Room 865, Detroit, Michigan 48226-9704. A copy of the Request for a Hearing must be provided to the EEO Offices at the addresses indicated on the Request for a Hearing form.

You may amend a complaint at any time prior to the conclusion of the investigation to include claims like or related to that identified above. When a complaint has been amended, the agency is required to conduct an impartial investigation within the earlier of 180 calendar days after the last amendment of the complaint or 360 calendar days have passed since the filing of the original complaint. You may request a hearing from an EEOC administrative judge after 180 calendar days have passed since the filing of the original complaint, if the investigation has not been completed. Prior to a request for a hearing, any amendment must be submitted, in writing, to the undersigned for a determination whether the new claim warrants inclusion in the pending complaint or processing as a new complaint. Additionally, after requesting a hearing, you have the right to file a motion with the administrative judge to amend the complaint to include claims like or related to those raised in the original complaint.

If a new claim, not like or related to a previously filed complaint, provides the basis for a separate complaint, the new claim will be referred to an EEO counselor and will be subject to all regulatory requirements regarding the EEO complaint process. In cases where complaints are consolidated, the agency is required to conduct an investigation within the earlier of 180 calendar days after the filing of the last complaint or 360 calendar days after the filing of the original complaint. However, you may request a hearing from an EEO Commission administrative judge on the consolidated complaint any time after 180 calendar days from the date of the filing of the first complaint.

If you fail to request an EEO Commission hearing or to ask for a final decision by the Army within 30 calendar days after you receive the report of investigation, the processing of this case will proceed. I will submit the entire complaint to the Army Director of EEOCCR or designee for a final Army decision on the merits of the complaint based on the record as it stands.

If you are dissatisfied with the final Army decision/action (with or without a hearing), you may file a notice of appeal with the EEO Commission (EEOC), Office of Federal Operations, (OFO), P.O. Box 77960, Washington, D.C. 20013, within 30 calendar days after receiving the final Army decision/action. A copy of the appeal must be provided to the Director, EEO Compliance and Complaints Review (EEOCCR), ATTN: SAMR-EO-CCR, 5825 21st Street, Building 214, Room 129, Fort Belvoir VA 22060-5921. Also, any brief or statement in support of the appeal should be sent to OFO, with a copy to the Deputy for EEOCCR, within 30 calendar days after filing the notice of appeal. In or attached to the appeal to the EEOC, you must certify

that a copy of the appeal was served on the Director for EEOCCR, the date and the method of service. Any appeal to the EEOC should be addressed to the Director for EEOCCR, the date and method of service.

Instead of appealing to EEOC, you may file a civil action in the proper U.S. District Court within 90 calendar days after receiving the final Army decision/ action or, if the Army has not issued a final decision on this complaint, 180 calendar days from the date the formal complaint was filed. If you file a civil action under Title VII of the Civil Rights Act of 1964, as amended, or the Rehabilitation Act of 1973, as amended, and you do not have, or are unable to obtain the services of the attorney, you may request the court to appoint one to represent you. In such circumstances as the court may deem just, the court may appoint an attorney and may authorize the commencement of the action without the payment fees, costs, or security. Any such request must be made within the above-referenced 90-day time limit for filing suit and in such form and manner as the court may require.

You are further notified that, if a civil action is filed by you, you must name the appropriate department head or agency head as the defendant and provide his or her official title. DO NOT NAME JUST THE AGENCY OR DEPARTMENT. Failure to name the department head or agency head or to state his or her official title may result in the dismissal of your case. The appropriate agency is the Department of the Army. The head of the Department of the Army is Mark T. Esper, Secretary of the Army.

If you decide to appeal to the EEOC OFO, you will still have the opportunity to file a civil action in U.S. District Court within 90 calendar days after receiving the EEOC final decision, or 180 calendar days after the date of filing the appeal with the EEOC if there has been no final decision by the EEOC.

The agency representatives are Ms. Teresa Watmore and Ms. Tiffany Hall, Attorney-Advisors, U.S. Army TACOM, ATTN: AMSTA-LA, 6501 East 11 Mile Road, Warren, MI 48397-5000. You may contact Ms. Watmore at telephone number (586) 282-8576 and email address is teresa.j.watmore.civ@mail.mil; and Ms. Hall at (586) 282-8405 and email address is tiffany.j.hall10.civ@mail.mil. You are advised that copies of all official correspondence must be served on the EEO officer and the agency representatives.

If at any time a settlement or resolution of this complaint is reached, the terms of the settlement/resolution will be agreed to in writing by all parties and you will be given a copy.

The DA docket number identified at the top of page 1 of this letter should be used on all correspondence. A copy of the EEO Counselor's Report is enclosed.

Sincerely,

for *Umeshankar*

REPORT OF INVESTIGATION

December 13, 2018

Agency Number: ARDETROIT18MAY01583

Activity Filed Against: Department of the Army
United States Army Garrison
Detroit Army Arsenal Base
Directorate of Emergency Services
Fire and Protection and Prevention Division
Warren, MI

Complainant's Name and Address: Joe DaSilva, Jr.
3705 Dexter Ann Arbor Road
Ann Arbor, MI 48103

Representative' Name and Address: Solomon Radner, Esq.
Excolo Law, PLLC
26700 Lasher Rd, Suite 401
Southfield, MI 48033

Date Complaint Filed: June 1, 2018

Dates of Investigation: October 18 – December 3, 2018

Claim: Was Complainant subjected to a hostile work environment (sexual) and discriminated against based on his sex (male), national origin (Brazilian), age (51; born 1967), race (Latino), and reprisal (filing prior EEO complaints)¹ when on April 3, 2018, Assistant Chief Martin Potter said to him “how much do breasts implants cost” and remarking that he should be able to wear a “B-cup bra” (Investigative File [IF] pages [pp] 55-58)?

PART I – BACKGROUND

During the timeframe, Complainant was a Firefighter (Hazmat Tech/Basic Life Support), GS-03081-07. In this position, assigned to a crew, he engaged in structural firefighting, rescue operations, hazardous materials incidents, and performed noninvasive emergency procedures in support of the Detroit Arsenal base population. Complainant worked a 72-hour rotating shift to include evenings, weekends, and holidays (IF pp 68-76).

Complainant reported the alleged harassment to Sexual Assault Response Prevention (SHARP) personnel on April 5, 2018 (IF pp 99-101). An Investigating Officer was appointed on April 10, 2108, by the Garrison Manager (IF pp 108-111). On May 22, 2018, the Investigator's results showed the comment was made by Mr. Porter and provided a list of recommended actions (IF page [p] 121). The Agency lists Complainant's prior EEO activity as two informal complaints filed alleging a hostile work environment naming Fire Chief Sean Edwards, Fire Chief, GS-

DaSilva, ARDETROIT18MAY01583

0081-12, and Assistant Chief Martin Potter, GS-0081-10, as the alleged harassers. The complaints were based on his sex, national origin, and reprisal. One of the complaints did not go formal and the other resulted in a negotiated settlement agreement (IF p 125). For information pertaining to witness participation and provided documents, see the Investigator's Declaration at IF p 167.

PART II – SUMMARY OF EVIDENCE

Complainant's testimony

Complainant declares management is aware of his race and national origin because he has talked about taking trips to Brazil to visit family (IF p 134). On April 3, 2018, as he was walking through the kitchen Mr. Potter looked at his chest and arbitrarily asked him "how much do breast implants cost?" He walked out of the kitchen very upset and angry (IF pp 129-130, 133). This was not the first time Mr. Potter has made this type of comment to him. He explains that in February 2017, Mr. Potter asked him if he was able to wear a "B-cup bra and has said to him "I bet you can hold a pencil under your boobs and not let it drop." He believed the negotiated settlement agreement would curtail the harassing comments; however, the harassment did not stop as evident of this current complaint (IF p 130). Although the agency conducted an investigation into the statement made in this complaint, he has not been privy to any punishment/corrective action taken as a result of the SHARP investigation (IF p 132). He adds Mr. Potter is allowed to make inappropriate comments without fear of consequence and his complaint was not taken seriously (IF p 132). He has not heard Mr. Potter make similar comments to other employees (IF p 134).

When asked to explain how he was being discriminated against, he explains the comments about his breast size infers that he is a woman, which demeans his sexuality and masculinity (IF p 134). Mr. Potter once said that he was the "oldest Firefighter in the department." He also believes he is being treated differently because he is the only Firefighter who is from Brazil, Latino and has been told that EEO complaints reflect poorly on promotion boards (IF p 135).

Management's testimony and documentary evidence

Mr. Edwards (sex-male; national origin-United States; born 1922; race-Caucasian/Native American) declares he is Complainant's second-level supervisor. He is aware of Complainant's age, race, sex, and national origin (IF pp 137-138). He is aware Complainant filed other EEO complaints which were resolved at the informal stage (IF pp 138-139).

On April 3, 2018, he was sitting at the kitchen table eating and talking with another Firefighter. The television was on and there were multiple conversations occurring between Firefighters. He did not hear the alleged comment made by Mr. Potter regarding the cost of breast implants. Mr. Potter told him that there was a story on television about breast implants and he decided to ask Complainant whether he (Complainant) knew how much implants cost (IF pp 139, 141). Before he could take action on the comment, Complainant went to SHARP. During the SHARP investigation, Complainant and Mr. Potter did not work together. As a result of the SHARP investigation and as discipline, Mr. Potter received a Letter of Caution (IF p 140). Additionally, as a result of the SHARP investigation, the entire staff was given SHARP training and he

DaSilva, ARDETROIT18MAY01583

instituted random SHARP investigations to ensure the workplace was free of material that might be offensive to employees. He did not hear the comment made regarding Complainant wearing a "B-cup" (IF p 139). No other employees have complained to him about Mr. Potter making similar comments (IF p 140).

Mr. Potter (sex-male; national origin-European; born 1974; race-Caucasian) declares he is Complainant's supervisor when they work on the same shift (IF p 142). He is aware of Complainant's age, race, sex, and national origin. He served as a witness in Complainant's previous EEO complaint (IF p 143).

On April 3, 2013, there was a news story playing on the television regarding the cost of breast implants. As he was watching the story, Complainant walked by and the questioned popped in his head to ask him (Complainant) if he knew the cost of breast implants. As a result of making the comment, he received a Letter of Counseling for unprofessional behavior. He explains the comments started several years ago when there was a weight loss challenge among the Firefighters. Complainant would talk about his stomach and he would talk about Complainant's chest size. It was during this bantering that he asked Complainant if he wore a "B-cup size" (IF p 144). He never made the following comments to Complainant: "you're the oldest Firefighter in the department" and "Let's do the pencil test; I bet you can hold a pencil under your boobs and not let it drop" (IF p 164). He has not made similar comments to other employees, or been counseled for making other comments (IF p 144). He denies discriminating against Complainant. He adds Complainant participates in similar behavior and often incites conversation of this nature (IF p 145; see Memorandum for Records at IF pp 147-150).

Complainant's Rebuttal

Complainant declined to provide rebuttal (IF p 208).

Testimony of Other Witness

Mr. Matthew Holtyn (sex-male; national origin-United States; born 1973; race-Caucasian; claims no prior EEO activity), Firefighter, GS-0081-07, co-worker, declares he was not on shift on the day the comment was made regarding the breast implants. However, he has heard Complainant and Mr. Potter make jokes with each other. Mr. Potter has never made similar comments to him. He does not believe Complainant is being discriminated against (IF pp 151-153).

Mr. Lesley Tillman (sex-male; national origin-United States; born 1973; race-Black; claims prior EEO activity), Assistant Fire Chief (Training and Fire Prevention), GS-0081-10, declares he once served as Complainant's first-level supervisor (IF p 155). On April 3, 2018, while getting his coffee in the breakroom, he cannot say for certain, but he heard Mr. Potter ask Complainant something to the effect of "Joe, do you know how much breasts implants cost? Those look like a C-cup" (IF p 157). Mr. Potter has not made similar comments to him nor have any employees complained to him about comments being made to them (IF p 158). He does not believe the comment had anything to do with discrimination; the comment was poor judgement on the part of Mr. Potter (IF p 159).

DaSilva, ARDETROIT18MAY01583

Mr. David Ferris (sex-male; national origin-United States; born 1983; race-Caucasian; claims prior EEO activity), Firefighter, GS-0081-07, co-worker, declares on April 3, 2018, he recalls a comment made about breast implants directed at Complainant. Although he does not recall the exact comment, he saw Complainant get upset and walk out of the kitchen area. He believes Mr. Potter made a very poor choice of words. Mr. Potter has not made similar comments to him or any of his co-workers. He adds that there is a lot of joking in the Firehouse, but nothing is said to offend or degrade anyone (IF p 162). He does not believe the work environment is hostile or harassing (IF p 163).

2. PURPOSE. Provide EEO guidance to all Garrison personnel assigned to Detroit Arsenal.

3. APPLICABILITY. This policy is applicable to all civilian and military personnel assigned to and/or supported by the operations of the USAG-DTA.

4. POLICY.

a. I am personally committed to making the Garrison a model employer of choice with a diverse and effective workforce. A workplace free from discrimination is vital to developing and maintaining a mission ready workforce. Leaders, managers, and supervisors must create an atmosphere where there is respect. When any employee or job applicant is discriminated against, our ability to accomplish our mission suffers, opportunities for achievement are lost, and the ability of each employee to reach his/her full potential is jeopardized.

IMMI-EE

SUBJECT: Command Policy 02, Equal Employment Opportunity (EEO)

b. I expect all leaders, managers, and supervisors to share a commitment to sound management practices and EEO principles. We must eliminate all barriers to equal employment opportunity for employees and applicants for employment. All supervisors and managers must ensure employees receive equal opportunity for maintaining core competencies and developing to their full potential. We must ensure recruitment and selection processes support the full consideration of talented individuals. All personnel actions must be based upon merit factors, without bias or prejudice.

c. People are the cornerstone of readiness. They must know they will be treated fairly, with dignity and respect. They have the right to work in an environment where there is opportunity to reach their full potential.

d. It is the policy of this command to provide EEO to all associates and applicants for employment, and maintain a model workplace free from harassment and other forms of discrimination regardless of race, color, religion, age, sex (including harassment of a sexual or non-sexual nature, pregnancy, gender identity and sexual orientation), national origin, disability, genetic information or reprisal. I am committed to EEO principles and will not tolerate discrimination in any form, in any aspect of employment at the USAG-DTA.

d. Equal Opportunity is the law, and an essential element of good leadership. I expect all leaders, both military and civilian, to demonstrate the same dedication and involvement in achieving Department of Army EEO goals as they have displayed in accomplishing other missions and objectives. Moreover, all managers and supervisors shall adhere to diversity and affirmative employment objectives when fulfilling personnel management responsibilities as we work together to shape the workforce.

e. Civilian associates or applicants, who perceive they have been subjected to discrimination, including sexual harassment, have the responsibility to voice their opposition to these behaviors by reporting incidents promptly to their chain-of-command or the Garrison EEO office. Complaints will be quickly and thoroughly investigated, ensuring that the rights of both the victim and the accused are protected. Confidentiality will be maintained throughout. When necessary, swift, fair and effective corrective actions will be taken.

f. The No FEAR Act requires the Garrison to be accountable for violations of anti-discrimination and whistleblower protection laws.

g. The Act protects individuals from coercion, intimidation, threat, harassment, or interference in their exercise of their own rights. Retaliation occurs when an employer,

IMMI-EE

employment agency, or labor organization takes an adverse action against a covered individual because he or she engaged in a protected activity.

h. Any member of the Garrison who thinks he/she is experiencing discrimination and/or retaliation will report the incident immediately to the Garrison EEO office. Directors will protect complainants from acts or threats of reprisal. The Garrison will treat all allegations of discrimination and/or retaliation with the seriousness it deserves.

I am fully committed to providing an environment free of sexual harassment, offensive behavior and retaliation for all members of this command, military and civilian; and I charge all military and civilian leaders, directors, supervisors and managers to execute this mission to standard.

3. Sexual Assault is a crime under the Uniform Code of Military Justice (UCMJ), Federal and State laws and is defined as the intentional sexual contact, characterized by the use of force, physical threat, or abuse of authority or when the victim does not or cannot consent. It is incompatible with Army values, and has no place in any organization that takes pride in its most valued asset; our men and women who work side-by-side toward a common goal. It rips apart the synergy, morale, and trust within an organization and dramatically reduces a unit's ability to perform its mission.

4. Commanders and leaders at all levels will take an active role in assessing risk and taking preventative actions to eliminate threats that contribute to sexually offensive behavior, sexual harassment and/or sexual assault, and retaliation for participating in the SHARP process.

IMMI-ZA

SUBJECT: Command Policy 12 Sexual Harassment/Assault Response & Prevention (SHARP) for Military and Civilian Personnel

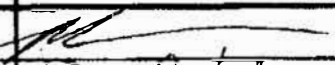

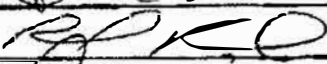

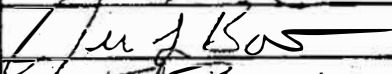

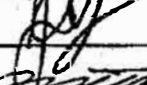

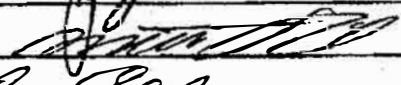

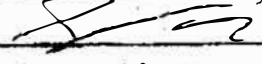

5. Soldiers, their Family members, Department of the Army Civilians (DAC) who experience sexual harassment should contact their appropriate Chain of Command, their respective organization's SHARP Sexual Assault Response Coordinator (SARC), or SHARP Victim Advocate (VA). You may access the SHARP Office through the Open Door Policy. The Garrisons SHARP Office is located in Building 230W, Room 1H187-O, first floor, or may be reached by calling (586) 282-0476 or (586) 945-2094.

6. There are two types of sexual assault reports: RESTRICTED or UNRESTRICTED. A restricted report allows the survivor to receive medical care, counseling, legal services via the Special Victim Counsel (SVC), and victim advocacy services, however, it will not notify the chain of command or initiate an investigation. It is important to recognize that in order to report a sexual assault utilizing the restricted report option; a survivor may only report the assault to a SHARP VA, SHARP SARC, or a Health Care Provider. A Chaplain may be consulted, however, they cannot initiate a report of sexual assault. The unrestricted report allows the survivor the same services as the restricted report, however, the chain of command is notified and a criminal investigation is begun.

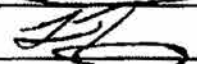

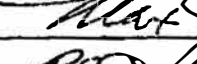

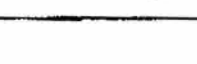

7. Each and every member of the Garrison Family must feel comfortable to raise the issue of sexual harassment, sexual assault or retaliation for reporting either of these to their chain of command without fear of reprisal or intimidation. The Garrison maintains a 24/7 SHARP Hotline for the Detroit Arsenal. This helpline is available to all Detroit Arsenal Soldiers, Family member and Civilian personnel, and may be reached by calling (313) 269-0199. Any questions, issues or concerns regarding this policy letter may be directed to the SHARP Office at (586) 282-0476.

EEO Article: Dos and Don'ts When An Employee Is Involved With the EEO Complaint Process

What to know and do when an employee contacts the EEO Office, files an EEO complaint, or is a witness in an active EEO complaint

First: Attempt to resolve wrongs, violations of law, regulations, or policies at the lowest level before contact is made to the EEO Office.

Dos:

- Continue to work with the employee in a normal manner.
- Cooperate with the counselor or investigator.
- Contact your servicing Staff Judge Advocate Legal Office for assistance. The Staff Judge Advocate Legal Office represents the Army, but can assist through the process.
- Consider whether mediation will be helpful in resolving the complaint.
- Afford the employee reasonable amount of time to present their complaint and respond to agency requests for information.
- If the employee attempts to discuss the allegation with you: give a neutral, non-committal response; assure the employee that it is their right to file a complaint; assure the employee of your willingness to provide assistance if they have a problem on the job; prepare an MFR of these conversations.
- If you are unaware there is a problem, attempt to resolve wrongs, violations of law, regulations, or policies.
- Maintain a positive attitude and do not take the action personally.
- If you feel a hostile environment is brewing, discuss it with your supervisor or an EEO Staff Member.

Don'ts:

- Do not confront the employee about the complaint or persuade the employee to drop the complaint.
- Do not avoid the employee; conduct business as usual.
- Never comment on the merits of the complaint or try to explain how the employee misunderstood your actions.
- Do not fault the employee for using the complaint process (avoid critical comments; avoid a negative attitude toward the employee—it could be used in support of a reprisal complaint).
- Do not participate in employee-created situations problem (probing about the allegation; heightened sensitivity; making trouble—some employees may attempt to provoke you into reacting in a hostile manner).
- Do not terminate, discipline, or threaten the employee.
- Do not assign more unfavorable tasks or duties that are above the normal workload previous to filing a charge.
- Do not give a bad performance review after the charge is filed when previous evaluations were good.
- Do not deny a promotion for which the employee was in line for.
- Do not over supervise unless you can document reasons for doing so.
- Do not discuss the merits of the complaint with anyone that does not have a need to know.

Line 5 - Summary of Incident – DO NOT INTERVIEW WITNESSES – just get all details of the victim's allegation. Do not include extraneous information:

(a) BLUF

Asst. Fire Chief Potter stated to Firefighter DeSilva "How much do breast implants cost" in the firehouse. This occurred during the shift change and there were other firefighters present at the time this occurred. The Fire Chief Edwards was present and also laughed when this was said. It occurred approximately 0745-0800 on the 3rd April. Firefighter DeSilva had switched his regular shift which is why he was working with Asst. Fire Chief Potter. There has been prior history between these two- Firefighter DeSilva indicated that he filed an EEO complaint against Asst. Chief Potter last year for making comments about Firefighter DeSilva being able to wear a "B-cup bra". Asst. Fire Chief Potter was told to refrain from these comments and according to Firefighter DeSilva he has, but he also doesn't work with him that frequently. His boss is Asst. Fire Chief Ball. He has a meeting with Asst. Fire Chief Ball today to make him aware that this has occurred and that he is filing a SHARP complaint.

(b) New Issues: Statement about breast implants

(c) Background/Action Taken: Have the alleged victim and perpetrator been separated? They do not normally work together. They worked only this shift because Firefighter DeSilva switched shifts.

(d) Road Ahead: Screening team to make a determination.

(e) Who has been notified and coordination made with: EEO and Legal are being sent a copy of this CCIR.

(f) Impact: n/a

(g) Is a victim statement attached? no

(h) Has the victim been notified of and acknowledged (in writing) the right to file an EEO complaint within 45 calendar days of the incident? Verbally discussed, can provide written later. He indicated an unwillingness to go through the EEO process because he feels that it is not helpful.

Chief,

The GM just called me. He will be in sometime tomorrow (he returns from TDY in the morning) to discuss process with Legal. Of course, he wanted to ensure no "actions" were taken with anyone involved in the incident until the investigation is completed. His first impression was to refer the investigation to me, but will discuss process with Legal and SHARP.

I am on leave tomorrow but will be monitoring my BB. The GM plans to contact me when he has determined how the investigation will be conducted.

Subject: 15-6

Gents---just informing I've gone ahead and launched the 15-6 ref Dasilva's allegations (wrt alleged cmts made toward him by another employee), which SHARP and SJA pushed to me. I was not in favor of this being worked at my level, but after discussion on other details which I won't get into here, I agreed to go that route.

In any event, again FYI, I appointed Mr. Porter as IO---he will be moving fwd with statements etc, so just wanted you to be aware so you can ensure full support for him. I don't know what the climate is down there on all this, but I want to be sure that the process is executed without drama. Want our personnel focused on the mission, while letting this thing carry itself out. Hopefully we'll get this done quickly.

Lastly, I want to keep this issue separate from the other copier IG thing, which after my discussion with Sean today, should be a closed deal.

We'll talk after this concludes on some other guidance I have on the way ahead.

Let me know if there are any questions. Many thanks.

SUBJECT: Appointment as Investigating Officer

1. Appointment. You are hereby appointed as an Investigating Officer (IO) pursuant to Army Regulation (AR) 15-6, Procedures for Administrative Investigations and Boards of Officers, to conduct an informal administrative investigation into the facts and circumstances regarding incidents involving Mr. Joe DeSilva and Mr. Martin Potter. Your responsibilities as an IO take precedence over all other duties. You have 30 days from the date of this appointment to conduct this investigation. Coordinate any requests for extensions through your legal advisor.
2. General Instructions
 - a. The purpose of an AR 15-6 investigation is to elicit facts. You are directed to conduct an investigation into the matters set forth in paragraph 3, below. Your investigation should explore any issues or deficiencies with policy, procedures, resources, doctrine, training, and leadership that might have contributed to this incident. Upon completion of this investigation, you will complete a report of investigation that conforms to the requirement in paragraph 5 of this memorandum and AR 15-6. You will provide your report to your legal advisor, who will arrange for a legal review.
 - b. If, at any time in the conduct of your investigation, something happens that could cause me to consider enlarging, restricting or terminating your investigation, or otherwise modifying any instruction in this memorandum of appointment, immediately report this situation to me, together with your recommendations as to the action I should take in response.
3. Scope of Investigation/Specific Instructions.
 - a. You are hereby directed to conduct an investigation into an allegation of sexual harassment. Such review should include a thorough analysis of whether the circumstances alleged are accurate and merit correction. You should also report whether any personnel should be held accountable for any shortcomings or failures.
 - b. During your investigation you will, at a minimum, ascertain the following:
 1. Did Mr. Potter make harassing comments of a sexual nature to Mr. DeSilva? If so, when and what were the comments?

 4. How did Mr. DeSilva respond to the comments?
 5. How long have the comments been occurring?
 6. Has anyone else heard these comments being made? If so, who?
 7. Did Mr. DeSilva ever tell Mr. Potter that these comments were unwelcome?
 8. How many times did Mr. DeSilva indicate that the comments were unwelcome?
 9. Did the comments continue?
 10. Did Mr. DeSilva report any of these incidents to his chain of command? If so, when and to who?
 11. What did management do after the incident(s) were reported?
 12. Did anyone else make inappropriate comments to Mr. Silva? If so, who and when?
 13. Were inappropriate comments made to anyone else in general? To whom, by whom and when?
 14. How long have these comments and/or emails been happening?
4. Conduct of the Investigation.
- a. Tiffany Hall, Attorney-Advisor, is your legal advisor. You will consult with your legal advisor before making substantive efforts regarding your investigation. You may request that additional individuals or subject matter experts be appointed, in writing, to accompany you and assist you in your investigation. Coordinate such requests with your legal advisor, she can be reached at 586-282-8405.
 - b. Evidence Collection.

1. You are to conduct this investigation using the procedures outlined in Chapter 4, and the general guidance provided in Chapter 3, AR 15-6. No individual has been named a respondent at this time.
 2. To the extent possible, witness statements will be written and sworn. You should record witness statements on a DA Form 2823 (Sworn Statement). If it is impractical to obtain a written and/or sworn statement from a particular witness, you will attest to the accuracy of any transcription or summary of such witness testimony in whatever form it appears within your report of investigation. In accordance with AR 340-21, provide a Privacy Act statement to a witness if you do not use a DA Form 2823 to record the statement of that witness, and your report will be filed in a system of records from which it can be retrieved by reference to the name or other personal identifier of that witness. No U.S. military or civilian witness can be ordered to provide information that may incriminate him or herself. You may order a military or Federal Government civilian employee witness to provide a statement if you believe that they have relevant information that would not incriminate themselves. If, in the course of your investigation you come to suspect a person may have engaged in criminal conduct, you will consult with your legal advisor and inform me. Under no circumstances should you attempt to elicit any information from a suspect without first advising that person of his/her rights under Article 31, UCMJ, or the Fifth Amendment of the U.S. Constitution, as appropriate. Document your rights advisement and witness waivers of their Article 31 or Fifth Amendment rights on a DA Form 3881 (Rights Warning Procedure/Waiver Certificate).
 3. Where a civilian employee is a member of a bargaining unit and reasonably believes that the inquiry could lead to disciplinary action against him or her, the employee may have a representative from the bargaining unit present during questioning. You will consult your legal advisor if you have any questions regarding these procedures.
4. Report of Investigation.
- a. General. Your report of investigation will be written. Use a DA Form 1574-1, Report of Proceedings by Investigating Officer, and attach all required enclosures and exhibits.

5. All exhibits, labeled and numbered;
 6. A list of the witnesses you interviewed;
 7. If applicable, proper classification markings for each paragraph, page, and exhibit included within your report of investigation; and
 8. Findings. You will reach your findings by a preponderance of the evidence that you gather. A finding is a clear and concise statement of facts that can be readily deduced from evidence in the record. In your report, develop specific findings and cite the evidence that supports your findings. If evidence conflicts (e.g., conflicting witness statements), make a finding as to which evidence is more credible and why you believe it to be more credible.
 9. Recommendations. Based on your findings, make recommendations as to what changes, if any, are needed in terms of policy, procedures, resources, doctrine, training, and leadership to avoid incidents of this nature in the future, as well as recommendations consistent with your findings concerning other items your investigation revealed. Each recommendation will cite to the finding that supports it, and should comport with the guidance in AR 15-6.
6. Submission. Submit your report of investigation in hard copy and an electronic copy on a compact disc after you have obtained a legal review. You may not release any information related to this investigation to anyone, other than your legal advisor, without my prior approval.

Memorandum with Findings

Findings

1. Did Assistant Chief Potter make harassing comments of a sexual nature to Fire Fighter DaSilva? When and what were the comments? As for the incidents on or about 3 April 2018, I do not believe sexual harassment was the issue, but Assistant Chief Potter did ask Fire Fighter DaSilva about the cost of breast implants and it was perceived by Fire Fighter DaSilva to be sexual harassment, because he believed it related back to other encounters with Assist Chief Potter. I do believe there was harassment from Mr. Potter, but I believe he did not think it was wrong because of the environment of continued harassment from all within the department, until he was told a complaint was filed. Then he realized as part of the chain of command in the department he should not have said or should be participating in any type of harassment, but should be the one that should be enforcing a no harassment environment.
2. Specifically, did Assistant Chief Potter ask Fire Fighter DaSilva about breast implants and about his bra size and pencil test? He did ask Fire Fighter DaSilva about breast implants, but he stated he did not ask Mr. DaSilva about his bra size and I only found evidence of it

happening in the past from a few.

- 3.
4. Did Fire Fighter DaSilva solicit or initiate any of the comments? Not on this date, but he has engaged in off color comments and engaged back in other similar conversations.
5. How did Fire Fighter DaSilva respond to the comments? Not on this date, but has engaged in off color comments and engaged back in other similar conversations.
6. How long have the comments been occurring? Over years between all in the fire department.
7. Has anyone else heard these comments being made? If so, who? Probably, but no specific individual.
8. Did Fire Fighter DaSilva ever tell Assistant Chief Potter that these comments were unwelcome? I could not find evidence that he did.
9. How many times did Fire Fighter DaSilva indicate that the comments were unwelcome? I could not find evidence that he did.
10. Did the comments continue? I could not find evidence for this day.
11. Did Fire Fighter DaSilva report any of these incidents to his chain of command? If so, when and to whom? Yes, when he filed an EEO complaint, but not on this incident.
12. What did management do after the incident(s) were reported? I do not have official knowledge from past incidents, but this one prompted this investigation by the Garrison Manager. No, not on this day, but it appears that all in the fire department engage in this type of behavior all the time.
13. Did anyone else make inappropriate comments to Fire Fighter Silva? If so, who and when? No, not on this day, but it appears that all in the fire department engage in this type of behavior all the time.
14. Were inappropriate comments made to anyone else in general? To whom, by whom and when? No, not on this day, but it appears that all in the fire department engage in this type of behavior all the time.
15. How long have these comments and/or emails been happening? It appears that it has been happening in the fire department for a period of years.
16. Would you like to add anything to your statement about harassing comments in and around the Fire Station? It appears that all in the fire department engage in this type of behavior all the time.

Q: If you did not file a prior EEO complaint, please explain your use of the basis Reprisal.

R: Yes there were several I believe Assistant Chief Tillman, Firefighter Ferris, were the ones that were present when he made the statement about "how much do breast implants cost". I don't have access to my list of witness anymore I turned it in when they requested it when they were doing the 15-6 investigation.

I was able to get a copy of it but my witness however, the list does not show the names anymore which I believe is inappropriate for me to follow a proper complaint.

DaSilva, ARDETROIT18MAY01583

Q: What was being discussed prior to the comment being made?

R: I believe there was no discussion I just walked into the kitchen and put something in the dish washer and A/C Martin Potter looked straight at my chest and just made that statement "How much do breast implants cost."

Q: What was your response to Assistant Chief Martin Potter's comment?

R: I was very upset and very unhappy and angry I walked straight out of the kitchen.

Q: How long have these type of comments been occurring?

R: Since 03 February 2017

Q: What other comments have Assistant Chief Martin Potter's made of this nature? If so, when?

R: In the summer of 2017 Assistant Chief Martin Potter made a statement to me when I walked into the kitchen, "DaSilva lets do the pencil test". I did not know what he was talking about. He then said to me "I bet you can hold a pencil under your boobs and not let it drop", that was the test. I walked out of the kitchen very upset and when to finish my job. Firefighter Mathew Kumlin also was in the presence of the comments.

Q: Did you complain to any management official about the harassment? If yes, when did you complain? Who did you complain to? What specifically did you tell this person?

R: Yes in my pervious EEO complaint back on 03 February 2017. I wanted to inform them of this type of statements, being about me. That I was unable to fit in B- size Bra statement, to stop as we came to an agreement on 16 March 2017.

Q: Did you tell management that the harassment was based on your sex, national origin, race, age, religion, or reprisal? What specifically did you tell this person?

R: Yes, I made a complaint through EEO about the sexual comment. Which made me feel emasculated in front of my peers.

Q: What did you ask management to do?

Q: What action did management take after you reported the comment?

Page 4 of 6 Pages

DaSilva, ARDETROIT18MAY01583

R: On 23 May, 2018 I received a letter from Mr. Aurther J. Young Director of Emergency Services as to the update of the complaint.

Q: Why do you think that Assistant Chief Martin Potter actions were motivated based on your sex (please explain your response)?

R: In my opinion, he purposely emasculated me in the presence of peers and supervisors as a form of power of authority.

Q: Why do you think that Assistant Chief Martin Potter actions were motivated based on your National Origin (please explain your response)?

R: Unknown

Q: Why do you think that Assistant Chief Martin Potter actions were motivated based on your race (please explain your response)?

R: Unknown

Q: Why do you think that Assistant Chief Martin Potter actions were motivated based on your age (please explain your response)?

R: Unknown

Q: Why do you think that Assistant Chief Martin Potter actions were motivated based on your religion (please explain your response)?

R: Unknown

Q: Why do you think that Assistant Chief Martin Potter actions were motivated based on your reprisal (please explain your response)?

R: Because, back on 03 February 2017, an EEO complaint was filed by me for the same type of comments and demeanor towards me and in the presence of others.

Q: Have you previously provided a statement in this matter? If so, when and would you like to include the document as part of your testimony [please provide a copy]?

R: Yes I provided similar statement to the investigator who was doing the 15-6. and was given to your office per my request.

Conclusion

Q: Do you have anything to add that is relevant to the accepted claims for investigation?

R: As far back as 3 February 2017 to current date. Assistant Chief Martin Potter has demonstrated, his use of authority, on several occasions that in-appropriate comments made by a person in his position continue with-out any ramifications. Not only that comments that are sexual in nature, but comments to demean or impune person(s) in front of others. Even knowing that in close quarters working relationships in a Fire Departments working environments, one goes out of their way to make me feel inadquate and not part of the team or missions when I have a important role in the DAFD Mission.

DaSilva, ARDETROIT18MAY01583

From the dates of February 3rd 2017 to the filing of the current complaint. It is well known that Assistant Chief Potter has always made such comments in and around personal, even when requested to stop. He, however continued as if he was untouchable.

Q: Do you have any documents or know of any documents that would support your testimony and claim? Please provide a copy and outline them in accordance with your Declaration.

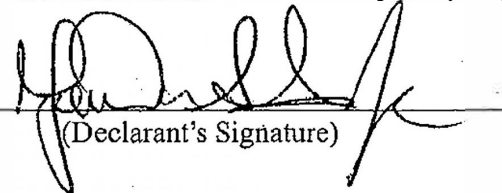

R: Yes I would request that your office obtain the 15-6 that was done regarding this matter so your office can get all the statements that we're made when all of this happened and was more clear on everyone mind of what happened.

As a victim of Sexual Harassment by a supervisor, I was failed by Command of the punishment Assistant Chief Potter was given. It appears and is perceived that my complaint was not taken seriously, and is being over looked because of positional title.

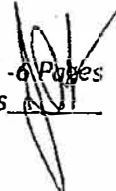

I also would like your office to obtain all the witness statements that we're used in the 15-6 investigation to be used with my complaint.

END OF STATEMENT

I, Joe DaSilva, Jr., declare under penalty of perjury, that the foregoing is true and correct.

Q: What is your belief of Mr. DaSilva's religion?

Allegation of Discrimination and Harassment

Q: Regarding the incident on April 3, 2018, did you witness Assistant Chief Martin Potter make the following comment "how much do breast implants cost?" If yes, what did you hear? If not, was a comment made of that nature? If so, what did you hear?

R: I was sitting at the kitchen table eating my breakfast and engaged in a conversation with FF Dykema. I add that there were several people in the room, there were multiple conversations, and the TV was on.

Q: What was being discussed prior to the comments above being made?

R: As stated, I do know what was being discussed between Assistant Chief Potter and Mr. DaSilva because I did not hear their conversation.

Q: Mr. DaSilva alleges that you laughed when the comment was made. Is this a true statement?

R: I did not laugh because I was unaware that the conversation took place between Assistant Chief Potter and Mr. DaSilva.

Q: Did you hear Assistant Chief Martin Potter say that Mr. Dasilva should "wear a B-Cup Bra." If yes, what did you hear? If not, was a comment made of that nature? If so, what did you hear?

R: I did not. Assistant Chief Potter told me that this comment took place approximately 10 years ago.

Q: Based on information received for this complaint, I understand that there was an investigation conducted regarding the comments. Who requested the investigation?

R: Mr. Joseph Moscone the Garrison Commander

Q: What was the finding and recommendation for the investigation?

R: Assistant Fire Chief Potter admitted to making the comment. I do not know all of the recommendations.

Q: Was your staff trained?

R: Yes, the entire Firefighter staff and I believe the Police Officers were given SHARP Training. As an added step, I instituted random SHARP investigations to ensure the workplace was free of material that might be offensive to employees.

Q: What action [disciplinary or non-disciplinary] was taken against Chief Potter for making the comments (please explain your response)?

R: Mr. Young gave him a formal disciplinary action – Letter of Caution.

Q: Do Mr. DaSilva and Assistant Chief Potter ever work on the same shift? If so, please explain why.

R: During the SHARP investigation, I changed Mr. Potter schedule so that they would not be on the same shift. After investigation was complete, I was told that I could put employees back on their normal schedule.

Q: Have other employees complained to you about similar comments of this nature being made by Assistant Chief Potter? If so, who complained, approximately when, what did he/she say was Assistant Chief Potter's comment? AND, what action did you take [you must answer all questions]?

R: No one else has complained to me about comments made by Mr. Potter of this nature.

Q: During the course of this investigation, witnesses have said that you are singling out Mr. DaSilva and they have been told not to talk with Mr. DaSilva. Is this a true statement? If not, why not [please explain your response]?

R: That is not a true statement. When the SHARP investigation was being conducted, I changed AC Potter's schedule during the course of the investigation. After it was completed the employees back to their normal schedule. I never told any of the employees that they could not engage in conversation with Mr. DaSilva.

Q: Please explain why you did not take immediate action based on the comment regarding breast implants.

R: I did not take immediate action because Mr. DaSilva went straight to SHARP. I did not want to convolute the process. Mr. DaSilva had every right to go straight to SHARP for assistance.

Q: Mr. DaSilva alleges that based on his inability to work certain shifts, he is being treated differently because he cannot work overtime. Is this a true statement [please explain your response]?

R: No, it is not. Mr. DaSilva sent me an e-mail asking why his overtime was restricted. I told him that it was not restricted and he could volunteer, like any other employee, to work overtime.

Q: Were you aware of any policies in place designed to prevent harassment or hostile work environment? If so, where are these policies located?

R: The EEO Office has Garrison Wide Policies and we post the policies on the bulletin board for everyone to view.

R: June 2018

DaSilva, ARDETROIT18MAY01583

Q: Mr. DaSilva contends he was subjected to unwelcome, offensive, or objectionable comments which are motivated by the fact that he is male, from Brazil, older, based on his religion, and the fact that he filed a prior EEO complaint. What is your response to his contention?

R: I really cannot explain why the comment was made; therefore, I cannot give my opinion. When I talked to Asst Chief Potter – he said the reason why he asked the question is because there was a story on TV that was reporting on the cost of breast implants. And, he asked Mr. DaSilva.

Conclusion

Q: Do you have anything to add that is relevant to the accepted claims for investigation?

R: No, I do not.

Q: Do you have any documents or know of any documents that would support your testimony and claim? Please provide a copy and outline them in accordance with your Declaration.

MEMORANDUM FOR RECORD

SUBJECT

1. I received a statement from Mr. Ulman on 8 February 2017 regarding statements Mr. DaSilva had made pertaining to management. These statements were derogatory in nature.
2. I interviewed Mr. Ulman regarding the incident and the nature of the conversation. He stated the conversation took place in the kitchen area between Mr. DaSilva and Mr. Perkins.
3. I interviewed Mr. Perkins and he confirmed the conversation and the derogatory comments about management. I asked Mr. Perkins to write a statement regarding the conversation and submit it to me when complete. I received Mr. Perkins' statement on 3 March 2017.
4. I met with Mr. DaSilva on 7 March 2017 to discuss the comments. He admitted to saying the comments, but felt it was a personal conversation between Mr. Perkins and himself. I let him know that Mr. Ulman was present and found the conversation offensive and reported the conduct. I advised Mr. DaSilva to discontinue this behavior and further acts of this nature may result in formal punishment. Mr. DaSilva stated he understood, but then went on to say he hears comments of this nature on a regular basis. He would not give specifics regarding those statements.
5. Statements from Mr. Ulman and Mr. Perkins are attached.

////Signed\\\\

Martin G. Potter

Asst. Chief, Fire and Emergency Services

On February 7th while sitting in the kitchen, Firefighter DaSilva sat down across from me and voiced his displeasure about a situation involving Chief Edwards. During the span of his statements, Firefighter DaSilva made his opinion known of his feelings about management to include calling the Assistant Chiefs “snakes”. As Firefighter DaSilva continued on with his statements the disparaging remark of calling management “F\$#@ing dumb asses”: This conversation was held with others within arm’s length of the kitchen table. It is at this time that I cannot recall the individuals that were around.

Firefighter,

Jonathan Perkins

Witness Statement

On 7 February, 2017, I witnessed Firefighter DaSilva talk to FF Perkins regarding being a witness to an alleged statement Chief Edwards made. This conversation took place in the kitchen of the fire station where everyone could hear it. In that conversation, Mr. DaSilva stated that management were "f---ing dumb asses", and on another occasion on the same day, called management "snakes". Through my year here at the Detroit Arsenal Fire Department, I have heard him say despairing remarks about captains and assistant chiefs. His comments are degrading and do not reflect the core values of the United States Army. FF DaSilva's repeated comments are a threat to leadership, morale, and makes it a hostile work environment. His continuous fight against authority and comments about other firefighters make working with him very difficult. These are my official comments and I stand witness to them.

MEMORANDUM FOR RECORD

SUBJECT: Incident Involving Joe DaSilva

1. The Detroit Arsenal Fire Department received a supervisory alarm to building 212B at approximately 1515 hours. Crews responded and mitigated the incident. I remained on scene to discuss the situation with building occupants. All other crews returned to quarters.
2. After I returned to quarters, I needed to speak with Mr. Mietling concerning apparatus setup on the call. I went to the bunkroom to look for him. As I passed Mr. DaSilva's bunkroom, I noticed his curtain was open and his computer open. The computer displayed a pornographic website. I then left the bunkroom to look for Mr. DaSilva.
3. I located Mr. DaSilva in the apparatus bay and asked him where his bunkroom was located. He confirmed the location was the bunkroom with the computer on. I informed him the content on his screen was highly inappropriate and not authorized to be viewed on the installation. He commented "I don't even remember what's on it, what is it porn". I requested he remove the material from the screen and informed him of the severity of accessing such content while on a government installation. Mr. DaSilva complied and proceeded to his bunkroom area.

R: I believe Mr. DaSilva does not practice any religion

R: At that time, I was Mr. DaSilva 1st line supervisor. I immediately reported the incident to the director (Art Young) which was Chief Edwards 1st line supervisor. I also informed Chief Edwards that Mr. DaSilva does not appreciate his family being the center of any jokes.

Allegation of Discrimination and Harassment

Q: Regarding the incident on April 3, 2018, did you witness Assistant Chief Martin Potter make the following comment "how much do breast implants cost?" If yes, what did you hear? If not, was a comment made of that nature? If so, what did you hear?

R: because of the length of time that has passed I cannot say with 100 percent accuracy, but I believe the statement was more "Joe you know how much breast implants cost".

Q: Did you hear Assistant Chief Martin Potter say that Mr. Dasilva should "wear a B-Cup Bra." If yes, what did you hear? If not, was a comment made of that nature? If so, what did you hear?

R: because of the length of time that has passed I cannot say with 100 percent accuracy, but I believe the statement was more "Joe you know how much breast implants cost. Those look about a C cup".

Q: What was being discussed prior to the comments above being made?

R: It was a room full of people with several conversation. I cannot remember what was discussed prior. To be honest, I was trying to get my coffee and leave the room as I do every morning.

Q: Were you working on the same shift when the comments were made?

R: Yes

Q: Based on information received for this complaint, I understand that there was an investigation conducted regarding the comments. Who requested the investigation?

R: I do not know who requested the investigation to take place.

Q: What was the finding and recommendation for the investigation?

R: I do not know

Q: What action [disciplinary or non-disciplinary] was taken against Chief Potter for making the comments (please explain your response)?

R: I do not know if any actions were taken disciplinary or non-disciplinary.

Assistant Chief Martin Potter is my peer/co-worker. I believe it would be unprofessionally for the command to discuss what actions were taken about Mr. Potter to me.

Q: Do Mr. DaSilva and Assistant Chief Potter currently work on the same shift? If not, why not?

R: They currently work one 24 hour shift a pay period.

Q: Have other employees complained to you about similar comments of this nature being made by Assistant Chief Potter? If so, who complained, approximately when, what did he/she say was Assistant Chief Potter's comment? AND, what action did you take [you must answer all questions]?

R: No

Q: Has Assistant Chief Potter ever made similar comments about you? If so, approximately when, who did you complain to? AND, what action did the management official take [you must answer all questions]?

R: No

Q: Please advise why you believe Mr. DaSilva is being singled out by Assistant Fire Chief Potter and Fire Chief Edwards.

R: Because of the fear of being accused of reprisal. Mr. DaSilva he is treated differently, but not intentionally as a negative, but as a protective measure. I don't believe it is the right way to handle any employee, however, they chose that method to protect themselves. All employees suffer because of it.

Q: Were you aware of any policies in place designed to prevent harassment or hostile work environment? If so, where are these policies?

R: Yes, on our department information wall, and on the Garrison common drive

Q: Have you attended any training regarding anti-harassment/hostile work environment? If so, what was the training and when did you take it?

R: Yes, Sensitivity Training by Fred Harris on 07/09/2018

DaSilva, ARDETROIT18MAY01583

Q: Do you believe Mr. DaSilva was subjected to unwelcome, offensive, or objectionable comments which are motivated by the fact that he is male? If so, what supports your belief?

R: There is no place in the Army or Federal government for those statements to be made. I do not believe any EEO protected class had anything to do with the statements being made. It was just a poor judgement by leadership.

Q: Do you believe Mr. DaSilva was subjected to unwelcome, offensive, or objectionable comments which are motivated by the fact that he is White and from Brazil? If so, what supports your belief?

R: No

Q: Do you believe Mr. DaSilva was subjected to unwelcome, offensive, or objectionable comments which are motivated by the fact that he is older than most employees? If so, what supports your belief?

R: No

Q: Do you believe Mr. DaSilva was subjected to unwelcome, offensive, or objectionable comments which are motivated by the fact that he is of the Catholic religion? If so, what supports your belief?

R: No

Conclusion

Q: Do you have anything to add that is relevant to the accepted claims for investigation?

R: This may or may not be relevant to the claim, but I am disappointed in the prior EEO process. There have been other complaints that occurred in the Fire Department in the past with no resolution. It is disappointing that we are spending so many man hours on an incident that have been processed by two different agencies. Several years ago, I supervised Mr. DaSilva and during that time I was forced to do some corrective action. Instead of my 1st line supervisor supporting my recommendation he allowed Mr. DaSilva to leave prevention and return to the position of firefighter. With that all written corrective actions were removed. However, it does not rationalize the actions of my peer and my past supervisor/s. It simply gives you a glimpse of the special treatment in my previous statements.

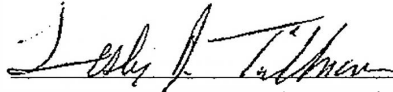

Q: Do you have any documents or know of any documents that would support your testimony and claim? Please provide a copy and outline them in accordance with your Declaration.

R: No

Q: Regarding the incident on April 3, 2018, did you witness Assistant Chief Martin Potter make the following comment "how much do breast implants cost?" If yes, what did you hear? If not, was a comment made of that nature? If so, what did you hear?

R: I do not remember the statement as stated. I heard some type of comment about breast implants directed at Mr. DaSilva. I saw Mr. DaSilva get upset and he walked out of the kitchen area.

Q: Did you hear Assistant Chief Martin Potter say that Mr. Dasilva should "wear a B-Cup Bra." If yes, what did you hear? If not, was a comment made of that nature? If so, what did you hear?

R: No, I was not working for the organization at the time. .

Q: Has Assistant Chief Potter ever made similar comments about you? If so, approximately when, who did you complain to? AND, what action did the management official take [you must answer all questions]?

R: No, I have not heard him make any off color comments. We joke a lot in the Firehouse. Nothing is said to offend or degrade anyone.

Q: Have other employees complained to you about similar comments of this nature being made by Assistant Chief Potter? If so, who complained, approximately when, what did he/she say was Assistant Chief Potter's comment?

R: No, they have not.

Q: Do you believe Mr. DaSilva is being singled out by Assistant Fire Chief Potter and Fire Chief Edwards? If so, please explain why.

R: I do not think they are targeting him. As for A/C Potter – I believe he just made a very poor choice of words.

DaSilva, ARDETROIT18MAY01583

As for Fire Chief Edwards – he and Mr. DaSilva did not have the best relationship, I don't think they really cared for each other.

Q: Do you believe that you are being subjected to a hostile/harassing work environment?

R: No, I do not believe the work environment is hostile or harassing. I am the youngest, smallest guy in the Firehouse. If anything I should feel the brunt of any hostility. However, we are all one big family. Joking with one another is common in the Firehouse..

Q: Does Mr. DaSilva participate in the joking and making comments to and about other Firefighters?

R: Absolutely, he makes comments as well. Everybody in the Firehouse makes jokes with one another.

Q: Were you aware of any policies in place designed to prevent harassment or hostile work environment? If so, where are these policies? Are they on the bulletin board?

R: Yes, we have policy statement. They could be located on the bulletin board I am just not sure.

Q: Have you attended any training regarding anti-harassment/hostile work environment? If so, what was the training and when did you take it?

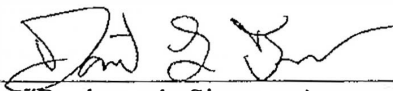

R: Yes, we have had several mandatory meetings this past year.

Q: Do you believe Mr. DaSilva was subjected to unwelcome, offensive, or objectionable comments which are motivated by the fact that he is male, White and from Brazil, older than most employees, and Catholic? If so, what supports your belief?

R: I do not think any of those reasons have a factor on what was said by AC Potter to Mr. DaSilva on that day.

INVESTIGATOR'S DECLARATION

I, Cassandra J. Williams, EEO Complaints Investigator, Investigations and Resolutions Directorate, assigned to investigate the complaint of **Joe DaSilva, Jr.**, **ARDETROIT18MAY01583** in accordance with 28 U.S.C. Section 1746, declare the following:

The investigation was conducted telephonically and via e-mail with the use of declarations (IF pp 190-191).

Settlement options were discussed telephonically, but resolution was not reached.

The Complainant identified the following witnesses: Mr. Lesley Tillman, Mr. David Ferris, Mr. Matthew Holtyn, Mr. Jonathan Perkins, and Mr. Matthew Kumlin. I chose to obtain testimony from everyone with the exception of Mr. Perkins and Mr. Kumlin. Based on the summary of anticipated testimony provided by Complainant, Mr. Perkins and Mr. Kumlin would provide information that is duplicate of the testimony obtained from Mr. Tillman, Mr. Holtyn, and Mr. Ferris (IF p 8).

The Agency did not request additional witnesses beyond those listed in the Scheduling Notice.

Supplemental Declaration was requested from Complainant to clarify information presented in his original complaint and to respond to additional information obtained during the investigation.

During the course of the investigation, Complainant added the following bases as listed on his formal complaint race, age, and religion. The EEO office discussed reprisal with Complainant which was also accepted as a basis (IF pp 7, 9, 200).

Complainant decided to remove religion as a basis (IF p 133).

The Agency does not maintain data on National Origin.

Complainant retained legal counsel during the course of this investigation (IF p 200).

Mr. Art Young, Director of Emergency Services, was not interviewed because Mr. Potter confirmed he received a Letter of Counseling for the single remark substantiated in the AR 15-6 investigation. Complainant concedes Mr. Potter did not make any additional remarks after the incident. In addition, Mr. Edwards confirmed SHARP training took place and Mr. Potter was moved to another shift while the investigation was underway.

The complete Army Regulation 15-6 investigation was requested. The document was not received prior to the end of this investigation (IF pp 209-210).

END OF STATEMENT

I, *Cassandra J. Williams*, declare under penalty of perjury, that the foregoing is true and correct.

Given that we are moving towards maximum use of electronic transmission of documents, it is requested that hard copy submissions not be stapled or otherwise bound by other than removable clips and bands. It is also requested that the material be labeled or organized in a way that shows clearly to which items (above) the material responds. WARNING: The Investigations and Resolutions Directorate (IRD) Case Management System is an UNCLASSIFIED Department of Defense system. It is the responsibility of the agency and/or complainant to ensure only unclassified information is introduced into the system, transmitted, and/or provided to IRD case workers. In the event it is determined classified information was erroneously put into the system, appropriate measures will be coordinated between the IRD Component Coordinator and your Agency's Security Office to investigate and determine if any further action is warranted. Please be advised that introducing classified information into this process could result in criminal, civil, and administrative penalties.

If you believe you have already provided any of the above requested information/documentation, please e-mail patricia.j.zambardi.civ@mail.mil. If any of the information/documentation requested above are not available, you may make a substitution after coordination with this office. If you are unable to provide requested information/documentation, include a statement explaining why the information/documentation is unavailable. If a document is especially voluminous, provide an extract of the pertinent portions of the document and include instructions regarding where the complete document can be reviewed. All lists must be signed and dated.

You are encouraged to sanitize all personal identifiers not necessary to a review of the merits of the complaint from the documents you provide. Sanitized information would generally include social security numbers, home addresses and home telephone numbers. If you sanitize any information beyond social security numbers, home addresses and home telephone numbers, please advise IRD of the type of additional information that was sanitized and from what specific documents. Please do **not** sanitize any names from the records you provide to IRD. This information is necessary for the purpose of addressing the merits of the complaint filed. If you have any questions regarding the sanitization of documents, please e-mail me at patricia.j.zambardi.civ@mail.mil.

INFORMATION ON THE INVESTIGATIVE PROCESS

The following information is provided to assist you in understanding the process used to investigate an EEO complaint.

The Investigations and Resolutions Division (IRD) will conduct the investigation. You may be required to provide an affidavit or a declaration to an investigator during an on-site meeting or in a written request or telephone call, or you may be required to participate in a Fact-Finding Conference. The Fact-Finding Conference is a meeting that may be conducted in person or through video teleconference facilities. The method of investigation used will be based on the specific requirements of the case and will ensure thorough and efficient consideration of the complaint. The investigator will determine the method of investigation.

In all individual complaints of discrimination, the complainant has the initial burden of showing, through a preponderance of the evidence, that discrimination may be inferred from management's action. This may be done by showing that the complainant has been treated less favorably than other employees who are similarly situated to the complainant or by providing some other basis for inferring discrimination has occurred. When reprisal is alleged, the complainant must show that he/she had previous involvement in protected EEO activity, that management was aware of this activity, that the complainant's employment situation was adversely affected subsequent to the activity, and that there is some basis for linking the previous protected EEO activity with the adverse effect to the employment situation.

Once the complainant has been given the opportunity to explain why he or she believes discrimination has occurred, management witnesses will be asked to respond to the complainant's allegations. This is management's opportunity to provide legitimate, nondiscriminatory reasons for their actions. Other witnesses requested by the complainant or management may be called if the investigator determines their testimony may be relevant to the issues or allegations in the complaint and will not be redundant.

The investigator prepares an Investigative File to include all relevant and material documentation and testimony, and a Report of Investigation to summarize and/or analyze the evidence gathered.

**PROPOSED WITNESSES

INTRODUCTION

The Investigations and Resolutions Directorate (IRD) of the Defense Civilian Personnel Advisory Service (DCPAS) is authorized to investigate individual, formal complaints of discrimination filed by DoD civilian employees or applicants. IRD's authority includes reviewing and copying pertinent records, requiring DoD personnel to testify under oath or affirmation without a pledge of confidentiality, and issuing reports of investigation.

The electronic processing (e-processing) method is an administrative procedure designed to facilitate the collection of facts in an investigation. It is an administrative and not a judicial proceeding, and does not replace any hearing which may be conducted by the Equal Employment Opportunity Commission (EEOC). In an e-processing investigation, the investigator takes telephonic testimony and summarizes it on a Declaration Under Penalty of Perjury, signed by the declarant. This guide explains how e-processing works and how you can expect to participate. Note: In some instances, the investigator may send an interrogatory (a set of questions) to the Complainant and/or witnesses for that individual to complete. The investigator may possibly also need to follow-up by telephone or email to ask any necessary clarifying questions. Following receipt of the declaration, the investigator may contact the Complainant and/or witness by telephone or email to ask any necessary follow-up or clarifying questions.

WHO PARTICIPATES?

Investigator. The investigator is an IRD employee who conducts and controls the investigation. The investigator decides who will testify, which documents will be included in the investigative file, what questions will be asked, and whether the testimony being provided is germane to the accepted claim(s). The investigator will ask the questions during the telephonic interview.

Investigators conduct an impartial fact-finding inquiry, prepare a case record, and write a report of investigation. They are responsible for developing material evidence for the record regardless of whose position the evidence may support.

The investigator is not an employee of the agency under investigation, but is a neutral third party. In an EEO complaint investigation, the investigator's objective is to develop a record on which a decision can be made by the appropriate deciding official; however, the investigator does not make recommendations or decisions on the merits of the case.

Complainant. This is the individual who filed the complaint, sometimes referred to as the aggrieved. He or she should provide testimony to the investigator about the specific allegations in the complaint, nominate witnesses, and submit relevant documents for consideration by the investigator. The Complainant may have a personal representative to assist him or her in presenting the complaint; however, the representative does not provide testimony on behalf of the Complainant.

Primary Management Witness(es). This is typically the individual(s) who made the decision(s), took or failed to take the action(s), or should have known about the action(s) giving rise to the complaint. Complainants are not required to identify a management witness responsible for the contested action. Complaints are filed against the agency, not against individuals, and no management witness is an official party to the complaint.

A primary management witness, however, is generally called to testify about the complaint. To the extent necessary for a reasonably thorough review of the circumstances under which the alleged discrimination occurred, the investigator will ensure that the primary management witness is briefed about and allowed to respond to testimony containing allegations of wrongdoing, and allowed to review the documents containing allegations involving him or her. The primary management witness should coordinate the review of these documents with the EEO office. A primary management witness is also given the opportunity to submit documents. He or she may also have a personal representative to assist him or her in responding to the complaint; however, the representative does not provide testimony on behalf of the witness.

Agency Representative. The agency representative (usually an agency labor counselor) is the official designated to represent the agency in an EEO complaint to ensure that the agency's position is sound and supported by competent evidence. The agency representative may nominate witnesses and submit documents. The agency representative may be present with a management witness during that witness's testimony but does not actively participate in the phone interview. The agency representative does not act as a personal representative for any agency witness because complaints are filed against agencies rather than individual employees.

Personal Representative. The complainant, as well as all witnesses, may select a person to assist in the presentation of and/or response to the complaint, but this individual does not testify. This individual may be a legal or personal advisor. There is no requirement to have a personal representative. Agency Equal Employment Opportunity (EEO) personnel may not serve as personal representatives and IRD does not designate, nor can they recommend, personal representatives. The roles of personal representatives and witness are not generally compatible.

Witnesses. These are individuals who are called to testify about their knowledge of the claim(s) in the complaint. The investigator determines who will testify. The investigator may call witnesses that have not been nominated by the complainant or the agency representative. Conversely, the investigator may decide not to call one or more witnesses nominated by either party. The investigator will attempt to avoid unduly repetitious testimony. Therefore, it is in the best interest of both parties that they only nominate witnesses with the most relevant and direct knowledge of the claim(s), i.e., those with first-hand or eyewitness information regarding the specific allegation(s) accepted for investigation.

The investigator will request that the EEO office personnel notify the witnesses in advance that they are expected to testify during the investigation. Advance notice includes briefing the witnesses as to the claim(s) accepted for investigation, informing them that they will be asked to testify under penalty of perjury and advising them of their right to testify without reprisal for participating in the investigation.

Agency EEO Official. The EEO official is usually an agency employee who accepts the complaint and forwards it to IRD for investigation. Arrangements for the e-processing investigation are made through the EEO official or his/her designated point of contact. IRD relies on the EEO official to arrange Complainant's, Complainant's representatives', and witnesses' availability, notify all participants of the upcoming investigation, and provide current contact information to the investigator. The EEO official is available to assist in settling disputes, if any, about the claims accepted for investigation. Typically, the EEO official and agency representative coordinate any settlement agreement that may be reached during or prior to the investigation.

WHAT HAPPENS?

When a case is to be investigated using e-processing methodology, the investigator will notify the EEO official of his or her intent to use this method and to schedule the investigation.

Each party is responsible for preparing fully before the investigation and this includes being ready to provide specifics about the matters in dispute. For example:

- Be prepared to provide first and last names of individuals who witnessed the contested events.
- Be ready to explain the position you take on the question of discrimination.
 - For the Complainant, this includes: Were people in the same situation treated differently than you? What are their names? How were they treated differently?
 - For management, this includes: What are your reasons for taking or not taking the action(s) at issue that are being contested?
 - For both parties, provide evidence to support your position.
 - For all parties, provide names of specific individuals who were involved in bringing about the alleged treatment, and
 - For all parties; identify dates when the events occurred. Be precise with dates and times. If they cannot be recalled, narrow them down as closely as possible.
 - For all parties, provide copies of any documentation referred to in testimony.

Remember that the investigator is seeking facts, not opinions or supportive testimony from friends or individuals who simply feel the same way you do.

Usually the investigator will set a deadline for the submission of witnesses' names and documents. It is in the participants' best interests to comply with this deadline. Do not withhold witnesses or documents for presentation when providing testimony. When nominating witnesses, identify the anticipated areas of testimony expected from each one. Without this information, the investigator may not be able to determine whether the witness is required.

On the date and time of the scheduled testimony, the investigator will call the Complainant or witness to obtain their testimony. The investigator will ask questions to the

Complainant in order for the Complainant to present facts related to the accepted claims. The investigator will ask questions to management officials and other witnesses regarding their firsthand knowledge and/or involvement in the matters at issue in the accepted claims. The investigator will summarize the individual's responses on a Declaration Under Penalty of Perjury and after the telephonic interview, and send the individual their draft declaration in a Word document for review and signature. The investigator does not type verbatim testimony, rather the statement is a summary of what the individual conveyed in the telephonic interview. After the individual makes any changes, signs, and dates their declaration, he/she returns it to the investigator for its inclusion in the investigative file.

If individuals do not make themselves available on a scheduled date to provide testimony or are unable to commit to a reasonable date to provide testimony, the investigator may request assistance from the EEO office in ensuring the individual is available. If those efforts are not successful, the investigator may complete the investigation without that individual's testimony.

Remember, the EEO complaint investigation is an administrative inquiry; and the record is developed primarily through questions asked by the investigator, as well as any data/documentation relevant to the accepted claims.

In an e-processing investigation, the investigator takes telephonic testimony and summarizes it on a Declaration Under Penalty of Perjury, signed by the declarant. This guide explains how e-processing works and how you can expect to participate. Note: In some instances, the investigator may send an interrogatory (a set of questions) to the Complainant and/or witnesses for that individual to complete. The investigator may possibly also need to follow-up by telephone or email to ask any necessary clarifying questions. Following receipt of the declaration, the investigator may contact the Complainant and/or witness by telephone or email to ask any necessary follow-up or clarifying questions.

WHO PARTICIPATES?

Investigator. The investigator is an IRD employee who conducts and controls the investigation. The investigator decides who will testify, which documents will be included in the investigative file, what questions will be asked, and whether the testimony being provided is germane to the accepted claim(s). The investigator will ask the questions during the telephonic interview.

Investigators conduct an impartial fact-finding inquiry, prepare a case record, and write a report of investigation. They are responsible for developing material evidence for the record regardless of whose position the evidence may support.

The investigator is not an employee of the agency under investigation, but is a neutral third party. In an EEO complaint investigation, the investigator's objective is to develop a record on which a decision can be made by the appropriate deciding official; however, the investigator does not make recommendations or decisions on the merits of the case.

Complainant. This is the individual who filed the complaint, sometimes referred to as the aggrieved. He or she should provide testimony to the investigator about the specific allegations in the complaint, nominate witnesses, and submit relevant documents for consideration by the investigator. The Complainant may have a personal representative to assist him or her in presenting the complaint; however, the representative does not provide testimony on behalf of the Complainant.

Primary Management Witness(es). This is typically the individual(s) who made the decision(s), took or failed to take the action(s), or should have known about the action(s) giving rise to the complaint. Complainants are not required to identify a management witness responsible for the contested action. Complaints are filed against the agency, not against individuals, and no management witness is an official party to the complaint.

A primary management witness, however, is generally called to testify about the complaint. To the extent necessary for a reasonably thorough review of the circumstances under which the alleged discrimination occurred, the investigator will ensure that the primary management witness is briefed about and allowed to respond to testimony containing allegations of wrongdoing, and allowed to review the documents containing allegations involving him or her. The primary management witness should coordinate the review of these documents with the EEO office. A primary management witness is also given the opportunity to submit documents. He or she may also have a personal representative to assist him or her in responding to the complaint; however, the representative does not provide testimony on behalf of the witness.

Agency Representative. The agency representative (usually an agency labor counselor) is the official designated to represent the agency in an EEO complaint to ensure that the agency's position is sound and supported by competent evidence. The agency representative may nominate witnesses and submit documents. The agency representative may be present with a management witness during that witness's testimony but does not actively participate in the phone interview. The agency representative does not act as a personal representative for any agency witness because complaints are filed against agencies rather than individual employees.

Personal Representative. The complainant, as well as all witnesses, may select a person to assist in the presentation of and/or response to the complaint, but this individual does not testify. This individual may be a legal or personal advisor. There is no requirement to have a personal representative. Agency Equal Employment Opportunity (EEO) personnel may not serve as personal representatives and IRD does not designate, nor can they recommend, personal representatives. The roles of personal representatives and witness are not generally compatible.

Witnesses. These are individuals who are called to testify about their knowledge of the claim(s) in the complaint. The investigator determines who will testify. The investigator may call witnesses that have not been nominated by the complainant or the agency representative. Conversely, the investigator may decide not to call one or more witnesses nominated by either party. The investigator will attempt to avoid unduly repetitious testimony. Therefore, it is in the best interest of both parties that they only nominate witnesses with the most relevant and direct knowledge of the claim(s), i.e., those with first-hand or eyewitness information regarding the specific allegation(s) accepted for investigation.

The investigator will request that the EEO office personnel notify the witnesses in advance that they are expected to testify during the investigation. Advance notice includes briefing the witnesses as to the claim(s) accepted for investigation, informing them that they will be asked to testify under penalty of perjury and advising them of their right to testify without reprisal for participating in the investigation.

Agency EEO Official. The EEO official is usually an agency employee who accepts the complaint and forwards it to IRD for investigation. Arrangements for the e-processing investigation are made through the EEO official or his/her designated point of contact. IRD relies on the EEO official to arrange Complainant's, Complainant's representatives', and witnesses' availability, notify all participants of the upcoming investigation, and provide current contact information to the investigator. The EEO official is available to assist in settling disputes, if any, about the claims accepted for investigation. Typically, the EEO official and agency representative coordinate any settlement agreement that may be reached during or prior to the investigation.

WHAT HAPPENS?

When a case is to be investigated using e-processing methodology, the investigator will notify the EEO official of his or her intent to use this method and to schedule the investigation.

Each party is responsible for preparing fully before the investigation and this includes being ready to provide specifics about the matters in dispute. For example:

- Be prepared to provide first and last names of individuals who witnessed the contested events.
- Be ready to explain the position you take on the question of discrimination.
 - For the Complainant, this includes: Were people in the same situation treated differently than you? What are their names? How were they treated differently?
 - For management, this includes: What are your reasons for taking or not taking the action(s) at issue that are being contested?
 - For both parties, provide evidence to support your position.
 - For all parties, provide names of specific individuals who were involved in bringing about the alleged treatment, and
 - For all parties, identify dates when the events occurred. Be precise with dates and times. If they cannot be recalled, narrow them down as closely as possible.
 - For all parties, provide copies of any documentation referred to in testimony.

Remember that the investigator is seeking facts, not opinions or supportive testimony from friends or individuals who simply feel the same way you do.

Usually the investigator will set a deadline for the submission of witnesses' names and documents. It is in the participants' best interests to comply with this deadline. Do not withhold witnesses or documents for presentation when providing testimony. When nominating witnesses, identify the anticipated areas of testimony expected from each one. Without this information, the investigator may not be able to determine whether the witness is required.

On the date and time of the scheduled testimony, the investigator will call the Complainant or witness to obtain their testimony. The investigator will ask questions to the

Complainant in order for the Complainant to present facts related to the accepted claims. The investigator will ask questions to management officials and other witnesses regarding their firsthand knowledge and/or involvement in the matters at issue in the accepted claims. The investigator will summarize the individual's responses on a Declaration Under Penalty of Perjury and after the telephonic interview, and send the individual their draft declaration in a Word document for review and signature. The investigator does not type verbatim testimony, rather the statement is a summary of what the individual conveyed in the telephonic interview. After the individual makes any changes, signs, and dates their declaration, he/she returns it to the investigator for its inclusion in the investigative file.

If individuals do not make themselves available on a scheduled date to provide testimony or are unable to commit to a reasonable date to provide testimony, the investigator may request assistance from the EEO office in ensuring the individual is available. If those efforts are not successful, the investigator may complete the investigation without that individual's testimony.

Remember, the EEO complaint investigation is an administrative inquiry; and the record is developed primarily through questions asked by the investigator, as well as any data/documentation relevant to the accepted claims.

Ms. Williams,

Per our conversation, Mr. DaSilva has indicated that all items checked on the 2590 are correct, as they are all his protected classes and affect him in some way or another. Also, he wants to add reprisal (Prior EEO Activity ARDETROIT17FEB00469).

He does now have a lawyer now. His name is Solomon Wagner, (248)372-1749. I am awaiting his return call to receive official declaration as representation for Mr. DaSilva.

Please let me know if you have any questions.

One can go back and forth in a question / answer context for a unspecified amount of time. I believe and know, if given the opportunity, of the court proceedings that my side of this case will show favor on my side and i will prevail, justifiably.
